The Honorable Joshua Gotbaum  
Director  
Pension Benefit Guaranty Corporation  
1200 K Street, NW  
Washington, DC 20005

Dear Secretary Geithner and Director Gotbaum:

The Committee on Education and the Workforce remains committed to overseeing the federal government's restructuring of the General Motors Company (GM), and its consequences for the pension benefits of workers at the Delphi Corporation, a former subsidiary of GM. Given recent media reports alleging conflicts of interest and efforts by the Treasury Department to drive negotiations that led to a significant reduction in non-union worker pensions, the committee again respectfully requests related documents and communications.

On December 2, 2009, during a Subcommittee on Health, Employment, Labor, and Pensions hearing entitled: "Examining the Delphi Bankruptcy's Impact on Workers and Retirees," committee members heard troubling testimony about how workers and retirees will be negatively affected by Delphi's bankruptcy and the federal government's restructuring of GM.<sup>1</sup> Specifically, some unionized Delphi workers and retirees will receive the full pension benefits they were promised, while salaried workers and retirees will face significant reductions in their benefits.<sup>2</sup>

Immediately following the December 2009 hearing, committee members wrote to Secretary Geithner requesting the immediate release of all documents and correspondence relating to the federal government's involvement in the restructuring of GM and Delphi's pensions plans.<sup>3</sup> The Treasury Department responded on April 21, 2010, with a letter assuring members it would provide documents and correspondence, consistent with its obligations under applicable law, as soon as possible.<sup>4</sup> Despite this assurance, no documents or correspondence have been provided by the Treasury Department.

Recent media reports raise questions regarding the role of the Pension Benefit Guaranty Corporation (PBGC) in the decision to terminate the Delphi plans.<sup>5</sup> To better understand the role of the PBGC in this matter, it is critical the committee receive documents and information from PBGC and the Treasury Department, including those requested by committee members in December 2009. To that end, please provide all documents and communications relating to the termination of Delphi's pension plans and GM's assumption of related liabilities to the Committee on Education and the Workforce **no later than September 26, 2012**.

If you are unable to provide the requested information and materials by the date specified, please inform the committee in writing why you cannot meet the deadline, and the date by which you will provide the requested information. If you have additional questions or comments, please contact Andy Banducci and Joe Wheeler of the committee staff at (202) 225-7101.

Sincerely,

JOHN KLINE  
Chairman  
Committee on Education and the Workforce

DAVID "PHIL" ROE  
Chairman  
Subcommittee on Health, Employment,  
Labor, and Pensions
