COMMITTEE ON  
EDUCATION AND THE WORKFORCE

U.S. HOUSE OF REPRESENTATIVES  
2176 RAYBURN HOUSE OFFICE BUILDING  
WASHINGTON, DC 20515-6100

September 19, 2023

The Honorable Julie A. Su  
Acting Secretary  
U.S. Department of Labor  
200 Constitution Avenue, NW  
Washington, DC 2010

Dear Acting Secretary Su:

The Committee on Education and the Workforce (Committee) is conducting oversight of the Employee Benefits Security Administration's (EBSA) enforcement of Title I of the *Employee Retirement Income Security Act of 1974* (ERISA). Disturbing reports from stakeholders indicate that EBSA is failing to conduct its enforcement in a timely manner, creating unacceptable burdens for retirement plan sponsors and negatively impacting retirement savers, retirees, and their families. As part of this oversight, the Committee requests information relating to the practices and procedures of EBSA's Office of Enforcement.

Prolonged investigations carried out by federal agencies, such as EBSA, create tremendous strain on retirement plan sponsors. Plan sponsors report that many of EBSA's investigations have persisted for years while investigators assigned to these cases are turned over several times. The Government Accountability Office (GAO) has also raised this concern. In May 2021, GAO found that 17 percent of all investigations opened in 2017 were still open four years later.<sup>1</sup>

Plan sponsors also report there often appears to be no direction or purpose to the investigations, and they are trapped in investigations that lack an objective, an enforced progress schedule, or an endpoint. There seems to be no limit on the amount of document requests, interviews, and questions an investigator may ask. The result is increased compliance costs, which harm those participating in employer-sponsored retirement programs.

To understand the steps EBSA has taken to provide effective management of its resources in the Office of Enforcement, we seek responses to the following requests.

1. A list of all open investigations by the initial date the investigation opened (grouped by calendar quarter), the duration of the investigation, and the specific purpose of the investigation. The name of the plan sponsor does not need to be disclosed, but the regional office responsible for the investigation should be listed.
2. An explanation of any timeframes or internal guidance imposed on the timeliness of conducting and closing out investigations, as well as procedures that are taken to ensure those timeframes are honored.
3. A sample copy of personnel appraisal criteria for ensuring investigations are timely and efficiently carried out and closed.
4. An explanation of the specific steps taken to close all persisting investigations and the consequences to investigators, their supervisors, and EBSA management if investigations are allowed to languish beyond efficient timeframes.

The Committee has jurisdiction over Title I of ERISA and programs to protect the interests of participants and their beneficiaries in employee benefit plans, and it “shall review and study on a continuing basis the application, administration, execution, and effectiveness of laws and programs addressing subjects within its jurisdiction” as set forth in House Rule X. This request and any documents created as a result of this request will be deemed congressional documents and property of the Committee on Education and the Workforce.

Please provide complete responses to this oversight letter by October 3.

Sincerely,

Virginia Foxx  
Chairwoman

Bob Good  
Chairman  
Subcommittee on Health, Employment,  
Labor, and Pensions

## **Responding to Committee Document Requests**

1. The agency's response to questions and request(s) should be answered or provided in separate document and not included inside a narrative response.
2. In complying with this request, you should produce all responsive documents that are in your agency's possession, custody, or control, whether held by you or other past or present employees of the executive branch, or a representative acting on your behalf. Your response should also produce documents that you have a legal right to obtain, that the agency has a right to copy or to which you have access, or that you have placed in the temporary possession, custody, or control of any third party.
3. Records, documents, data or information that have been requested and/or are related to underlying requests should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee on Education and the Workforce (the "Committee").
4. If any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.
5. The Committee's preference is to receive documents in electronic form (i.e., email, CD, memory stick, or thumb drive) in lieu of paper productions. To the extent responses are provided in paper form, any documents that are stapled, clipped, or otherwise fastened together should not be separated. Documents produced in response to a request should be produced together with copies of file labels, dividers, or identifying markers with which they were associated when this request was issued.
6. Regardless of format, documents produced pursuant to this request should be produced in the order in which they appear in your files and should not be rearranged. Indicate the office or division and person from whose files each document was produced.
7. Regardless of format, documents produced to the Committee should include an index describing the contents of the production and a total page count for the entire production. To the extent more than one CD, hard drive, memory stick, thumb drive, box or folder is produced, each CD, hard drive, memory stick, thumb drive, box, or folder should contain an index describing its contents. Documents produced in electronic format should also be identified and indexed electronically.
8. Electronic document productions should be prepared according to the following standards:
  - (a) The production should consist of single page Tagged Image File ("TIF"), files accompanied by a Concordance-format load file, an Opticon reference file, and a file defining the fields and character lengths of the load file.
  - (b) Document numbers in the load file should match document Bates numbers and TIF file names.

(c) If the production is completed through a series of multiple partial productions, field names and file order in all load files should match.

9. All documents shall be Bates-stamped sequentially and produced sequentially.
10. When you produce documents, you should individually identify the paragraph, question number or request number in the Committee's request to which the documents respond.
11. It shall not be a basis for refusal to produce documents that any other person or entity—either inside or outside of the executive branch—also possesses non-identical or identical copies of the same documents.
12. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), the agency's staff should consult with the Committee staff to determine the appropriate format in which to produce the information.
13. If compliance with any request cannot be made in full, compliance shall be made to the extent possible and shall include a written explanation of why full compliance is not possible.
14. If the agency does not expect to produce all documents responsive to a request by the date requested, the agency's staff shall consult with the Committee as soon as it is known the agency cannot meet the deadline, but no later than 24 hours before the due date to explain:
  - (a) what will be provided by the due date;
  - (b) why the agency believes certain materials cannot be produced by the due date; and
  - (c) the agency's proposed timeline for providing any omitted information.
15. If any document responsive to this request was, but no longer is, in your possession, custody, or control, or has been placed into the possession, custody, or control of any third party and cannot be provided in response to this request, you should:
  - (a) identify the document, including its date, author, subject, and recipients;
  - (b) explain the circumstances under which the document ceased to be in your possession, custody, or control, or was placed in the possession, custody, or control of a third party;
  - (c) state how the document was disposed of;
  - (d) identify the name, current address, and telephone number of the person who currently has possession, custody or control over the document;
  - (e) state the date of disposition; and

- (f) identify the name, current address, and telephone number of each person who authorized said disposition or who had or has knowledge of said disposition.
16. If any document responsive to this request cannot be located, identify the document and describe with particularity the efforts made to locate the document and the specific reason for its disappearance, destruction or unavailability.
17. In the event that a document or portion of a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document or redaction:
- (a) Bates number(s);
  - (b) the privilege asserted and the grounds therefor;
  - (c) the type of document;
  - (d) the general subject matter;
  - (e) any other description necessary to identify the document;
  - (f) the date, author, and addressee; and
  - (g) the relationship of the author and addressee to each other.

If a claimed privilege applies to only a portion of any document, that portion only should be withheld and the remainder of the document should be produced.

18. Any objections or claims of privilege are waived if you fail to provide an explanation of why full compliance is not possible and a log identifying with specificity the ground(s) for withholding each withheld document prior to the request compliance date.
19. In complying with the request, be apprised that (unless otherwise determined by the Committee) the Committee does not recognize: any purported non-disclosure privileges associated with the common law including, but not limited to, the deliberative-process privilege, the attorney-client privilege, and attorney work product protections; any purported privileges or protections from disclosure under the Freedom of Information Act; or any purported contractual privileges, such as non-disclosure agreements.
20. Any assertion by a request recipient of any such non-constitutional legal bases for withholding documents or other materials, for refusing to answer any deposition question, or for refusing to provide hearing testimony, shall be of no legal force and effect and shall not provide a justification for such withholding or refusal, unless and only to the extent that the Committee (or the chair of the Committee, if authorized) has consented to recognize the assertion as valid.

21. If a date or other descriptive detail set forth in this request referring to a document, communication, meeting, or other event is inaccurate, but the actual date or other descriptive detail is known to you or other agency employees, or is otherwise apparent from the context of the request, you should produce all documents that would be responsive as if the date or other descriptive detail were correct.
22. The time period covered by this request is included in the attached request. To the extent a time period is not specified, produce relevant documents from January 20, 2021 to the present.
23. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery. Such submission shall include an explanation as to why the information was not produced originally.
24. If physical documents are to be delivered, two sets of documents should be delivered, one set to the Majority Staff in Room 2176 of the Rayburn House Office Building and one set to the Minority Staff in Room 2101 of the Rayburn House Office Building during Committee office hours (9am-5pm, unless other arrangements are made) and signed by members of the respective staffs upon delivery.
25. Upon completion of the document production, the agency's written response should include a written certification, signed by the Secretary or his or her designee, stating that:
  - (a) a diligent search has been completed of all documents in your possession, custody, or control that reasonably could contain responsive documents; and
  - (b) all documents located during the search that are responsive have been produced to the Committee.
